Report of the Board of Education.

During the past year there has been a change in regard to the management of the schools. At the commencement of the fall term, it was thought best to close the West school, but after five weeks it was reopened and the remainder of the term was taught by Mrs. Alice M. Prescott.

At the beginning of the winter term it was found that there would not be a sufficient number of pupils necessary to continue the school.

Consequently Mrs. John Evans was employed to bring the children to the East school, which has proved very satisfactory, the cost of transportation being less than that required to run the school.

The East school for the past year has been taught by Miss Elizabeth M. Sawyer, with thirty-four pupils, the largest number for a long time.

The spring term at the North school was taught by Mr. Herbert M. Prescott, who resigned at the end of the term.

The fall and winter terms were taught by Mrs. Georgiana Hodgdon. This school has had a membership of forty scholars, the largest for years.

During the past year the School Board has aimed to run the schools as economically as possible and give all children an equal chance.

STEPHEN BROWN,
